

**AJIT RANGNEKAR**

DEAN, INDIAN SCHOOL OF BUSINESS

There are only 40 mega regions in the world. Two-third of the global GDP and 80 per cent of patents globally come from these regions, which include the Silicon Valley and Greater New York. Hyderabad needs to be developed into a mega region on similar lines

**KARUNA GOPAL**

FOUNDER, FOUNDATION FOR FUTURISTIC CITIES

Hyderabad should not become an epic story of wasted promises. But this is a fear the city faces considering its development plans have no futuristic vision. We need to integrate industrial policy with land use for better growth of the city
